

El 29 de marzo

Dear Parent/Guardian:

As a wrap up to our country study in Spanish class, the students have asked to have a “Fiesta Day”. Your son/daughter was part of a group which studied a specific country in Central America or the Caribbean. For each country, I would like for the group to prepare a dish that is a tradition for their country. Each group will need to present to me a recipe in which they will be preparing. Now I know that many Latin American dishes can be time consuming and have many ingredients. If the group cannot find a “simple” dish to prepare, I will have some ideas for them to choose from. Also, I am asking that each country group contribute to the other basic needs for the party as well. I have listed the countries and what other items are needed to have a fun and successful “Fiesta Day”.

Guatemala—10 plates

Costa Rica—10 cups

Honduras—10 plates

Panama—10 cups

El Salvador—10 plates

Dominican Republic—Napkins

Nicaragua—plastic forks (30)

Puerto Rico—10 cups

Cuba—plastic spoons (30)

A day students will be having their Fiesta on **Friday, April 23** during their regular, scheduled Spanish class time. Every student is expected to participate by either helping make the dish for their country or contributing the extra items needed for class.

Thank you for your help and cooperation in helping to make our Fiesta a successful one.

Sincerely,

Señora Neidert

please sign and return the bottom half to Señora by Thurs. April 15
